Q4 What is the policy of funding concern with this program or issue?

Answered: 9 Skipped: 33

#	RESPONSES	DATE
1	If this was discontinued or altered, there would be a significant impact from loss of ACOs and health homes as well as potentially a significant increase in the uninsured.	11/20/2018 9:48 AM
2	Funding for new facilities and services, and for recruiting more professionals	11/16/2018 2:43 PM
3	There is very limited housing option's for those that need assistance with low income housing. In general most available housing is student housing which are beautiful and updated well taken care of. But thw housing options for low income families are slums. The cost of rent in the area has gone up to price points that are unachievable for many families. A two bedroom one bath apartment should not cost 1,400 a month not including utilities. Cortland is being taken over by street drugs and its unfair to raise the cost of housing when most low income families are homeless. Like myself and my daughter. I make 11 an hour an thats a standard rate of pay for most jobs. There is no way I can afford to be a single Mom. I was evicted on November 1st and am homeless. Waiting for housing which can take up to two years. My rent was 775 a month for a dump. Even a one bedroom apartment runs on average 600 a month without utilities. Its impossible to make a living and have a roof over your head. Yet students get beautiful housing for 2,000 a semester.	11/15/2018 5:28 PM
4	We fight for funding every year, both from HRSA and NY State. Historically, AHECs have not done a very good job of putting forth a united front to fight for funding and lack a coherent marketing strategy.	11/15/2018 1:50 PM
5	Adopting a living wage as the minimum wage requirement	11/15/2018 1:21 PM
6	Decrease in funding on the Federal level and changes in the policy/process to deliver services.	11/15/2018 7:56 AM
7	We are facing another funding cliff that could drastically reduce the amount of services provided to many rural communities	11/14/2018 8:06 PM
8	Need funding	11/14/2018 7:57 PM
9	The government is going to auto-assigned HPSA scores which means that local involvement in reporting accurate FTE numbers has been taken away.	11/14/2018 6:19 PM
