EMPLOYMENT:

Executive Director, North Country Behavioral Healthcare Network. Saranac Lake, New York

North Country Behavioral Healthcare Network is a 20 member NYS Department of Health designated Rural Health Network. Major activities include health system reform and redesign to improve and advance patient centered care, provider education, promoting behavioral health readiness for Value Based Payment contracting. This is a CEO position with ultimate responsibility for the well being and growth of the organization. The position is accountable to the Network's Board of Directors. Specific responsibilities include: project development and oversight, establishing and maintaining relationships with member and nonmember providers as well as with government officials, creating and managing a budget of \$800+ thousand and supervising office and contract staff. Other functions include: a significant amount of writing in the form of grants, development and implementation of the strategic plan, personnel policies and procedures, network news letter, and program marketing material. 4/2/98 to present.

President and CEO of North Country Management Services LLC NCMS is an affiliate of North Country Behavioral Healthcare Network. Responsibilities include corporate development, strategic planning, business development in the areas of grant writing and management service, event management, group insurance products and group purchasing program. Currently under contract to provide administrative and content expert services to the North Country Behavioral Health Care Collaborative/ North Winds IPA.

Executive Director, At Home Care, Inc. Oneonta, New York

Chief Executive Officer of a Hospital joint-venture, Medicare and Medicaid Certified Home Health Agency operating in Otsego, Herkimer and Delaware Counties. The agency provided service to over 700 patients annually and had an operating budget of \$4.5 million with fifty full and part-time employees. Responsibilities included all operational aspects of the agency. During my tenure major initiatives included, introduction of CQI management techniques and philosophy, preparation for and negotiation of the agency's first managed care preferred provider contract with a major HMO, creation and implementation of the agency's first strategic plan, and upgrading and expanding management information systems. 1995-1996.

Associate Administrator, Episcopal Community Healthcare Inc. Buffalo, New York Responsibilities involving two home care agencies, a Long Term Home Health Care Program and a Certified Home Health Agency. Areas of concern included long and short range operational planning and program development, vendor contract management, office systems design and implementation, physical plant operations, program systems analysis, and Medicare/Medicaid appeals management. Health policy analysis and implementation, Provider representative on Western New York Health Systems Agency Planning and Policy Development Committee. 1992-1994.

Senior Policy Analyst for Community Based Services, New York Association of Homes and Services for the Aging, (now known as Leading Age NY) Albany, New York Responsibilities in regulatory and legislative policy for nursing homes, and community based long term care service providers including
