

# COVID-19 Wellness Kits for Migrant Farm Workers in Cayuga County

Shari Weiss, Ph.D., MPA, CASAC 2

Executive Director

# What We Knew

- COVID-19 was impacting our rural community
- Migrant Farm workers were disproportionately at risk
- Environmental Risk Factors
- Language Barriers

Our  
Intervention=Wellness  
Kits

- Partnered with a local organization connected to the Ag Community
- Applied for a grant from the Cayuga County COVID-19 Fund
- Identified what items/resources would be most useful

# Wellness Kits

# Wellness Kits

# Kit Contents

- Hand Sanitizer
- Reusable Mask
- COVID-19 information in Spanish and English
- Local Resource Information (211, Prescription Drug and Medical Care access)

# Impact

- Kits were very well received
- We have made and given out approximately 200 kits
- We are giving out about 150 more kits
- We have been told that demand for these could be high in the near future

Thank You!!!
